RAHB/Habitat for Humanity Canada Partnership Update: 2021 Impact

The pandemic has highlighted the importance of housing and we need to make sure that everyone in Canada has access to the stability and security that come from having affordable and equitable housing.

In 2021, RAHB members raised \$41,000 by participating in the RAHB Walk-a-thon in support of Habitat for Humanity. On average, Habitat generates \$175,000 of benefits to society per home. These benefits come in the form of Habitat homeowners' reduced reliance on social housing and food banks, better educational and employment outcomes, and improved health. That means for every dollar RAHB invested in a Habitat home, \$4 was returned to the community in the form of social benefits, quadrupling the impact of your donation.

Thanks in part to the RAHB members who came out in support of Habitat for Humanity during the 1st Annual RAHB Walkathon and volunteered during REALTORS Care® Week, **212 families** moved into their new Habitat homes. These families included **484 children**, **88 single parent led households**, and **22 Indigenous families**.

Habitat for Humanity Canada and local Habitats in Niagara, Hamilton, and Burlington, would like to extend a big thank you to all RAHB members for your continued support and commitment to ensuring that families in your communities and beyond have a safe, decent, and affordable place to call home.

with **YOUR** support

Thank you for supporting the RAHB Walkathon for Habitat for Humanity Canada. By leveraging your support, **we were able to raise \$41,000 for local Habitats in Niagara, Hamilton, and Burlington** so they can continue building homes for families in need of safe and affordable housing.

Provincial Election 2022: Housing Promises

As REALTORS®, you know that Ontario's families want to own homes: it's part of the Canadian Dream. But because of the housing affordability crisis, that dream is on life support.

With the provincial election just over a week away, OREA has compared the four major political parties - the PCs, Liberals, NDP and Greens to see how each party plans on tackling the housing crisis.

OREA has done an analysis of all the party platforms and compared them to REALTOR® priorities. Below is a report card on how they stack up against the recommendations in OREA's election platform - ***A Home for Everyone.***
